Namik Sultanov / Piano CDE

Namik Sultanov is well-known as a distinguished pianist and pedagogue with exceptional lyrical gifts and a distinctive performance style. Born in Baku, Azerbaijan, he showed extraordinary musical talent from a very early age. Playing violin and flute, he was a serious student of composition in his youth, composing more than 150 pieces that were featured at music school concerts. Although at that time a string student, he won first prize in the music school's piano competition. At 12, deeply impressed by Van Cliburn's stunning performance at the First Tchaikovsky International Piano Competition, he began to self-study Tchaikovsky's First Piano Concerto. Practicing day and night, he soon played all three movements for Ahad Israfilzade, chief conductor of the Azerbaijan Philharmonic Orchestra. Mr. Israfilzade immediately asked him to play with the Philharmonic, and the triumphant concert was a big sensation in the musical life of this capital city.

After this success, the Azerbaijan government sponsored Namik at Russia's most prestigious conservatory, Moscow's Central Special Music School. He studied under Professor Lev Naumov, a follower of the legendary Heinrich Neuhaus. Continuing his education under Professor Naumov's supervision at the Moscow State Conservatory, he received his doctorate in performance in 1973. After graduation, he was invited to join the faculty of the Azerbaijan State Conservatory, soon appointed an associate professor with the added title "Honor Artist of the Azerbaijan Republic".

Participating in numerous national festivals throughout Eastern Europe, Dr. Sultanov represented his country at the Third International Music Festival in Moscow, the Fourth International Piano Festival in Istanbul, International Music Festival in Mexico City and International Music Festival in Germany. He has performed in various concert venues including Great Hall of the Moscow Conservatory, In San Francisco Bay Area, in New York City, (Carnegie Hall), Vancouver, Cemal Resit Rey Concert Hall in Istanbul, Izmir, Ankara, Mexico City, St. Petersburg, Kiev, Minsk, Alma-Ata, Tallinn, and Baku.

In 1991, Dr. Sultanov was invited to join the piano faculty of Turkey's Bilkent University, where he chaired the Piano Department and was Vice Dean of the Faculty of Music and Performing Arts. During his teaching years in Azerbaijan, Turkey, and the United States, he nurtured many students who have become winners and laureates in regional, national, and international piano competitions. In 1999, the Turkish Ministry of Culture formally recognized his distinguished teaching. Dr. Sultanov has been invited to serve on juries for national and international competitions and is sought for master classes in Europe, Canada, Mexico and USA. He recorded several CDs. Currently, he is a faculty member in San Jose State University, California, USA.

Daniel Cheng / Piano CMA/ST-Bach

Daniel Cheng is a notable music educator known for his distinct teaching methodology, promoting a strong technique and a deep musical sense. An incredibly accomplished and experienced piano teacher, his students have gone on to attend famed music conservatories, such as Juilliard, Manhattan School of Music, and the Oberlin Conservatory. He has taught in Northern California since 1991.

Born in Burma, Cheng attended the middle school affiliated to the Shanghai Conservatory Of Music under the guidance of Professor Ma Si-Sun (馬思善). Upon graduating, he continued his piano studies at the Shanghai Conservatory Of Music with Professor Li Cui-Zhen (李翠真). Cheng was one of the most exceptional students at the time. While still in college, Cheng was sent to labor camp in 1962 by reason of politics. He would serve 18 years of grueling labor before being released in the latter of 1979. However, he was not deemed innocent until 1982.

Immediately following his release, Cheng was invited to hold the position of piano lecturer at Anhui Normal University in Wuhu, China. In 1981, Cheng was admitted, with distinction, into the Teacher Training Course of the Shanghai Conservatory Of Music. His mentor was the Piano Department Dean, Professor Li Ming-Qiang (李名強). Cheng's piano performance techniques and abilities were fully recovered after four years of intensive studies and practice. He actively performed as a concert pianist again, and achieved wide successes. He was regarded as one of the most phenomenal pianists of the time, known as a legend.

Within a few years, Cheng instructed a large number of piano teachers with his technical expertise in An-Hui Normal University. Afterwards, Cheng was asked to teach in the Music Department of Shanghai Normal University and the Shanghai Conservatory Of Music's Elementary and Middle Schools.

Cheng immigrated to the Bay area in 1991. In 1992, he assisted Chen Mei-Ling to fund the Chinese Music Teachers' Association of Northern California and he himself also started the 1st annual Youth Competition in 1993. Cheng has greatly improved the management and growth of the association and has made important contributions to CMTANC, which helps to help students have a more enriching experience as they continue to learn music.

Азербайджанский музыкант в США

Намиг Султанов, известный азербайджанский пианист, профессор Госконсерватории, вот уже около 2-х лет живет и работает в США в городе Сан-Хосе, где участвует в жюри конкурсов и дает концерты. Азербайджанский музыкант - член Ассоциации калифорнийских педагогов.

Ниже мы публикуем выдержки из американской прессы, посвященные нашему земляку.

Целиком материалы читайте на нашем сайте: www.shergi.com в рубрике "bizim diaspora"

...Первым давал концерт Намиг Султанов. Ввиду того, что в силу ряда обстоятельств я не присутствовал на этом концерте, а также потому, что я не являюсь профессиональным музыковедом, я попросил специалистов высказать свое мнение о концерте. В частности, Ирина Прилипко-Морган, прекрасная пианистка и педагог, которая вместе со своим мужем Дэном Морганом и членами оргкомитета ежегодно организовывает и проводит в нашем городе вышеупомянутые международные конкурсы, сказала следующее:

"К сожалению, я опоздала к началу концерта и, честно говоря, была приятно удивлена тем, что зал был переполнен, и мы с трудом нашли себе места. Намиг играл чрезвычайно сложные вещи, и мне было очень интересно его слушать. Раньше я много хорошего слышала о нем, но сейчас ... то, что я услышала произошло все мои ожидания. Его исполнение было преполнено необыкновенного благородства, оно отличалось особой тонкостью, проникновенностью. У него очень красивая фраза, изящный звук, особенно на р. этим он мне безумно понравился. Намиг сумел установить контакт с залом, и слушатели принимали его очень тепло. Да что говорить, одно то, что он дважды вызывался играть на бис красноречием всего характеризовало его игру". Но, кроме сольного концерта, он дал еще и мастер-классы. Мастер-класс - явление уникальное в подготовке будущих мастеров искусства. Студентам он позволяет отшлифовать свое мастерство под руководством

Владимир Виардо, Анна Поклевская, Намиг Султанов

мастеров экстра-класса, расставить акценты так, что произведение зазвучит по-новому, заискрится, засверкает, словно бриллиант в солнечных лучах, ограниченный опытным мастером. Но это же позволяет глубже раскрыться и педагогическому таланту преподавателя. Педагог получает известность, растет его авторитет, мастер-классы позволяют ему продемонстрировать свои знания. Ведь вопросы студентов могут быть самыми разнообразными и, безусловно, без широкого кругозора и эрудиции, без серьезной подготовки и большой образованности провести мастер-класс абсолютно невозможно.

На мастер-классы к Намигу Султанову и Владимиру Виардо съехались студенты не только из городов Калифорнии и близлежащих штатов, но и из Нью-Йорка, из разных университетов..., и зал при этом далеко не пустовал. Здесь мне очень хочется сказать спасибо судьбе, благодаря которой наши пути сошлись практически с первых дней пребывания Намига в Сан-Хосе. Человек колоссального интеллекта, энциклопедических знаний, он оказался личностью удивительно доброжелательной и простой в общении, а в беседе с ним чувствуешь себя удивительно легко. Он совершенно не старается произвести впечатление, а его размышления и оценки легковесны и поразительно точны...

финал мы даже сыграли на бис. Я всегда рад приветствовать Сарвара и Тогрула Ганиевых в Баку".

В концертных программах Ганиевых произведения европейских мастеров соседствуют с музыкой азербайджанских и турецких композиторов. Я уверена, что и бакинским слушателям было бы интересно познакомиться с произведениями А.Сайтуна, К.Акесе и других турецких музыкантов.

Творческое удовлетворение сквозит в каждом слове Сарвара Султановича: "Не уверен, что, прожив этот отрезок своей жизни на родине, я реализовался бы в достаточной степени. Я - скрипач. Мне все равно, играть ли в трио, квартете, камерном или симфоническом оркестре, в оперном театре. А здесь мой труд удовлетворяет меня не только духовно, но и материально. Давайте будем честными с самими собой. Человеку, разменявшему седьмой десяток, чаще, чем другим, приходят мысли о старости, болезнях, отсутствии социальных гарантий. И если он способен решить свои проблемы сам, не прося помощи у государства, то дай Бог ему долгих лет".

Сарвар Ганиев сочувствует и помогает молодым талантам из Азербайджана. С его участием Джамиля Мурадова была приглашена с сольным концертом на Кипр, где нашлись спонсоры для приобретения хорошего инструмента. Идут переговоры о приглашении на праздник 23 апреля детского ансамбля "Бери баҳ" и еще о многом, о чем Сарвар Султанович просил не писать, дабы не спугнуть удачу. С Ганиевым по сей день поддерживают связь и советуются многие из его воспитанников из Баку. А на мой вопрос о том, сложился ли у него новый круг общения здесь, есть ли новые друзья, ответ был таков: "Настоящих друзей много не бывает. У меня они есть и всегда будут: Кязим Аливердибеков, Рауф Абдуллаев, Зохраб Адигезалзаде. Ну а самый любимый круг общения - моя семья."

Супруга Сарвара Султановича Тамилла ханум с первых дней в Турции с легкостью вписалась в коллектив оперного театра, в короткий срок стала любимицей хорового коллектива и с завидным (учитывая турецкий менталитет) постоянством уже много лет работает в театре концерт-мейстером. Семье Ганиевых было предложено турецкое гражданство, от которого они отказались. "Может быть, когда-нибудь соберемся вместе с друзьями дома. Лишь бы нас не забыли. Мы еще многое можем дать своей стране: и мастер-классы, и концерты - пусть только пригласят..." На это я осмелилась возразить: "А что, разве домой надо приглашать?..."

60-летний юбилей Сарвара Ганиева был торжественно отмечен в Анкаре и Каире, причем в Египте музыканта чествовали как основателя скрипичной школы. В Баку это торжество, видимо, поставлено на очередь...

На кафедре теории и композиции...

Наиля Мехтиева заведует отделом теории и композиции. Опытный теоретик, она выполняет большой объем работы. Она ведет предмет "Мир прекрасного" с самыми маленькими, "Историю оперного искусства" со студентами и аспирантами. Главная же сфера ее деятельности - составление программ к симфоническим концертам. Более 150 программ охватывают широкий исторический диапазон; кроме известных образцов классической и современной музыки пришлось анализировать и построчно разбирать (вместе с А.Тагизаде, Г.Гусейновой, З.Бакихановой) партитуры В.Вильямса, Г.Холста.

Разговор все больше уходит в сторону от конкретной деятельности моего педагога и концентрируется на общих проблемах, с которыми столкнулись наши музыканты на первых порах. Пришлось преодолевать недоверие, основанное на ошибочных представлениях о системе, воспитавшей наших специалистов.
